

# MEETKUMAR PATEL

📞 +91-9898222422 📩 patelmup121312@gmail.com 💬 linkedin.com/in/meetkumarpatel 🐾 github.com/meetkumarpatel

## Education

### Sardar Patel College of Engineering

Bachelor of Engineering in Computer Science & Engineering — CGPA: 7.39/10

Ahmedabad, Gujarat

2023 – 2026

### Government Polytechnic Himatnagar

Diploma in Computer Science & Engineering — CGPA: 8.39/10

Himatnagar, Gujarat

2020 – 2023

## Experience

### Microsoft Data & AI Internship Program

July 2025 – September 2025

Cloud Infrastructure Intern

CloudThat Technologies (Virtual)

- Developed cloud-native solutions using Microsoft Azure services, implementing scalable data pipelines for AI/ML workloads
- Collaborated with cross-functional teams to design and deploy machine learning models on Azure ML Studio
- Optimized cloud resource utilization resulting in improved performance and cost efficiency for data processing tasks

### AI Azure Internship

June 2025 – July 2025

AI/ML Engineering Intern

Microsoft & Edunet Foundation (Virtual)

- Completed intensive 4-week training on Azure AI services in collaboration with Gujarat Technical University
- Implemented machine learning algorithms and deployed AI models using Azure Cognitive Services and Azure ML
- Built and tested conversational AI chatbots using Azure Bot Framework and natural language processing

### Web Design Internship

May 2025 – June 2025

Frontend Developer Intern

Sparks to Ideas (Virtual)

- Designed and developed responsive web interfaces using HTML5, CSS3, and JavaScript with focus on user experience
- Created UI/UX prototypes in Figma and translated designs into functional web applications
- Collaborated with design team to implement modern web design principles and accessibility standards

## Projects

### ShareX - File Sharing Platform | Django, Python, SQLite, HTML, CSS, JavaScript

March 2022 – Sept 2023

- Engineered a secure full-stack file sharing web application using Django framework with user authentication and authorization
- Implemented optimized file upload/download functionality with encryption, reducing transfer time by 40%
- Designed RESTful APIs for seamless file management and integrated database models for efficient data storage
- Deployed application with scalable architecture supporting concurrent users with 99.5% uptime

### Neural Network Portfolio Website | HTML, CSS, JavaScript, Web APIs

October 2025 – Nov 2025

- Developed an interactive portfolio website with neural network theme featuring innovative scroll-free navigation
- Implemented dynamic animations and visual effects using vanilla JavaScript and modern CSS techniques
- Optimized website performance achieving 95+ Google Lighthouse scores across all metrics

## Technical Skills

**Programming Languages:** Python, JavaScript, HTML5, CSS3, SQL, C++

**Frameworks & Libraries:** Django, React, Node.js, TensorFlow, PyTorch, Scikit-learn, Pandas, NumPy

**Cloud & Tools:** Microsoft Azure, Azure ML, Google Cloud Platform (GCP), Git, Docker, VS Code

**AI/ML Technologies:** Machine Learning, Deep Learning, Computer Vision, NLP, Generative AI, Prompt Engineering

**Design & Development:** Figma, UI/UX Design, Web Development, Responsive Design, RESTful APIs

**Databases:** SQLite, MySQL, PostgreSQL, MongoDB

## Certifications

### Machine Learning, IoT, Deep Learning, Computer Vision | SAP India & Edunet

November 2025

### Python Programming, Data Analysis, AI & SAP Chatbot | Code Unnati Program

Nov 2023 – Nov 2024

### ABAP & Business Technology Platform (BTP) | SAP India

November 2025

### Fraud Awareness Certification | Axis Bank

2025
